

Welcome

MADE TO LOVE MORE

The call to love more is not just a or a
it's experiential, it's meant to be our

Both your and calling won't be
effective without love

If we're to fill every every street and highways of
this world with Christ's fullness it has to be
by love

You can't pour from

God's love is

He is the God of and not

We've been freely given so we should freely.....

Drawing from Jesus means less....., Less and
more of Him
